God, will you stop pretend?
You get up, I know you want me turned
And the silence fills the air (silence fills the air)

And the cold wind starts to yur
Get up, I know you wonâ€™t return
And the silence steeps within (silence steeps within)

And you take my life
Then you turn away
Through darkest nights
You will find somebody else

And you take my life
Hold it in your hands
On the darkest night
You will find somebody else

God, will you tell me when?
Weâ€™re young and more than friends
The times you let me in (times you let me in)

So donâ€™t pretend youâ€™re hurt
In my mind we were the perfect song
When we burn in the summer air (burn in the summer
air)

And you take my life
Then you turn away
Through those darkest nights
You will find somebody else

And you take my life
Hold it in your hands
On the darkest nights
You will find somebody else

8x Had to let you go

And you take my life
Hold it in your hands
On the darkest nights

You will find somebody else

8x Had to let you go
