Now the lie has left the dark of fear
When I reach for him
And he's not here
Many times have come when he is gone
And I found the strength
To carry on
But then I turned around and everything is changed
He will reach for me
Lay his hands upon my face
But when I feel his touch my love will overflow
He is real to me
Now I know

He is the joy
He's my model
He's my inner
Everyday and night I feel the joy
He's my model
Soul mate of me
He's my guide of light
He is the Joy
He is the Joy
He is the Joy
He is the Joy
(He takes the pain and the strife, everyday of my life)
Everyday, everyday of my life)
(He takes the pain and the strife, everyday of my life)

Every, everyday, everyday of my life)

Hay!

Hay!

Ha-hay!

I can't explain about this love I feel
I know is real
So here's the deal
Sometimes I give up, I don't believe
And It breaks my heart so painfully
But then I turned around and everything is changed

He will reach for me
Lay his hands upon my face
But when I feel his touch my love will overflow
He is real to me
Now I know

He is the joy
He's my model
He's my inner
Everyday and night I feel the joy
He's my model
Soul mate of me
He's my guide of light
He is the Joy
He is the Joy
He is the Joy
He is the Joy
