I didn't mean to run him away  
I didn't mean Lord knows it breaks his heart not for  
anything  
I didn't mean to mess up our lives and I still can't  
believe I ran him away  
If you see this boy I left crying if you see this boy I left  
trying  
To get over one of the dumbest things I've ever done  
Tell him I didn't mean to hurt him like he said only I  
could  
Tell him that I still love him so  
If you see this boy lookin' lonely like he's lost his one  
and only  
The one I looked for so long then like a fool let him go  
Tell him that I'm sorry and if he'll only come on back to  
me  
Tell him I wouldn't ever hurt him again

And I didn't mean to run him away  
I didn't mean Lord knows to break his heart not for  
anything  
I didn't mean to mess up our lives and I still can't  
believe I ran him away  
The best part of me I ran him away

If you see this boy tell him I love him if you see this boy  
tell him I need him  
And if he cares at all to come on back and save my life  
Tell him it would be such a shame to let our love go  
down the drain  
And that everyone you know makes mistakes  
And I didn't mean to run him away...  
I didn't mean to run him away...
