### "We Can Do Better In America"

Visit "[We Can Do Better In America](#)" on MotoLyrics.com

I woke up from a dream  
When I heard a voice calling out  
We can do better in America

We've forgotten who we are  
And were gonna lose our country  
If we don't fix what's wrong in America

Big shot CEO's have moved our jobs to other countries  
Gas prices are killing us in America  
But we still love our promise land  
And were gonna keep beleivin'  
That we can do better in America

Cause we are Americans  
When were down we must rise  
We must come back to greatness  
Honor truth instead of lies  
If we wanna lead the world again  
We've got to lead ourselves  
And we just got to do better in America

If life is for living, why not peace instead of war?  
The house out of order doesn't work right anymore  
An eye for eye just leaves everybody blind  
We can do better in America and better for mankind

This is no time for apathy  
Its time to face reality  
Who's looking out for us in America  
Our food is'ant safe  
Our money is being wasted  
Should'nt Americans come first in America  
We've got people homeless in this place we call home  
Nobody should go hungry in America  
Nobody should be sick if we know how to make them  
well  
Were better than that and we can do better in America

Cause we are Americans  
When were down we must rise

We must come back to greatness  
Honor truth instead of lies  
If we want to lead the world again  
We must lead ourselves  
We need each other more than ever in America

This is America  
Land we call our own  
The sprit of our people is what makes it feel like home  
Lets all stand together, speak with one heart, one mind  
We can do better in America and better for mankind
