Riding down the highway  
My old daddy by my side  
Gospel playing on the radio  
Nothing sad on our minds  
Outside the world is crazy  
Sometimes that road gets long  
I won't forget that time with daddy  
When we were listening to a gospel song  
I know Jesus loves me  
I am weak but He is strong  
And I know we'll get to Heaven  
It says so, in a gospel song We all get old & feeble  
You know our time is not long  
Someday we'll ride together  
Forever  
Listening to a gospel song  
Smiling to a gospel song...
