I can still remember  
Each mile I have travelled  
Never knowing which way  
The road might turn  
Now I face the stillness  
The city of ruins  
Everyone in line waiting too

Blackened are the hearts  
Of those who have witnessed  
Far into the blue  
Out of view  
Colours of the dawn  
Shrouded completely  
Everyday is slow  
Sinking low

Nowhere to run  
Nowhere to hide

And I stood inside  
The silent circle  
With a bitter taste  
Of changing times  
And as the voices run  
Run into each other  
Did you feel the way  
God kissed our eyes

Nowhere to run  
Nowhere to hide

There is always time  
For us to begin again  
I don't want to sleep  
And see a face I once knew  
But I have a father  
Who is still living  
And I have a mother who's with me too

Nowhere to run

Nowhere to hide
