

## Donna Hughes "Same Old Me"

Visit "[Same Old Me](#)" on MotoLyrics.com

Remember when it was fun, to stay up all night long  
We stayed out in the sun, until those summer days  
were gone  
Remember dressing fine, for a crazy hometown Friday  
night  
We'd get a little wild, come Sundays we were back in  
line

Chorus: Remember me I'm laughing..... crazy, young  
and wild and free  
Remember me I'm dancing .....and times are changing  
but I'm still the same old me

Remember when it was fun, to write a little note to your  
best friend  
About the one who stole your heart , and what was  
going down on the weekend  
Remember when it was fun, to sit around in the pouring  
rain  
To see the one that stole your heart, stand around the  
field at the football game

Chorus

Remember when it was fun, to ride up and down on the  
same old street  
Getting lost and holding hands 'til you found a little  
movie on the drive-in screen  
Remember when we were young, watching that clock  
'til the weekend  
Played the radio way too loud and dance like a fool with  
your best friends

Chorus: Remember me, I drove you crazy and we were  
wild and free  
Remember me I'm laughing and I can still dance and  
I'm still the same old me
