Out there in a sea of lights
And strangers rushing in the night
I'm lonesome for a time

When I had you and felt complete
And then you sailed away from me
Along with all my dreams

I can't go on, I can't go back
I find that I am lost again
Tired of starting all over again

Where are you darlin'?
Do you think of me?
Where are you darlin'?
I'll see you in my dreams

I don't know where to go from here
My heart was true to you, my dear
Even after all this time

I let you disappear from me
Like the sun behind the sea
Will we ever meet again?

Each day I wonder where you are
Somewhere underneath these stars
Somewhere in my broken heart

Where are you darlin'?
Do you think of me?
Where are you darlin'?
I'll see you in my dreams

Where are you darlin'?
Do you think of me?
Where are you darlin'?
I'll see you in my dreams
