You are the cool earth
You are the city lights
You are the jewel
Forever in my sight

And you with the strong heart
You with the trusting words
You shutting your eyes
Slumber in your soft chair

Oh, love him
Ah, love him
Oh, love him
Oh, love him

I see you in the mellow sun
In weekday overalls
You with a hint of white
And a wave of gold

You walk like blue ice
Tender but tough
You are
My morning glory

Oh, love him, you are the sky, my big sky
Oh love him, you are the guy, my big guy
Oh love him, you are the sky, my big sky
Oh love him

Two little girls and two guys strummin'
Howie and Louie start playin' the blues
It had to be you
Wonderful you in all of me, baby

Ah love him, you are the sky my big sky
Ah love him, you are the guy my big guy
Ah love him, you are the sky my big sky
Ah love him, you are the guy

You are the cool earth
(Yeah, yeah)

You are the gentle rain
(Yeah, yeah)
You are the note that remains
You are my big sky

You are the cool earth
(Yeah, yeah)
You are the gentle rain
(Yeah, yeah)
You are the note that remains
You are my, you are my
You are my

You are the sky
You are the sky
You are the cool, I cool earth
You are the gentle rain, teach

Ah love him
You are my big sky
My big guy
My big sky

Big guy, big sky
My big guy, my big sky
My big guy, my big sky
My big guy, my big sky
