[Keith Murray]

Ride wit me, yeah yeah

Ride wit me (Def Squad)

Roll down your windows and ride wit me (uptown)

[Def Squad and Too Short]

Ride wit us

Bitch ride wit us

Ride wit us

Roll up your windows and ride wit us

[Too Short]

Lets smoke this Oakland indoe

Dont roll down the window

Start the car

We aint going too far

You know that big bootied girl you always fuckin wit

She got a sister I really wanna get

Some Georgia girls from college park

You already fucked when we get that started off

Park in the driveway, it wont take long

Do it like that it goes on and on

You know this the kind of shit I know you want

E made the beat let me show you somethin

Quite a few haters want to see us played out

But we got the formula to get payed now

You cant stand in the way of success

We got the same job but you make much less

I remember how it used to be, before we had crack

If you had a few hundred in your pocket that was fat.

[Chorus- Def Squad]

If you feel like smokin then

Ride wit us

Hop the train with no token then

Ride wit us

And if you dont give a fuck then

Ride wit us

Roll down your windows and ride wit us

And if you got five on it then

Ride wit us

And if you aint fake niggas then
Ride wit us
And if your crew pull triggas then
Ride wit us
Roll up your windows and ride witus

[Kieth Murray]

Aiyyo, I lick two shots thats heard all around the world
Check how a forty and a blunt can take a nigga girl
Like E.F. hunting, dont say nothin, Im haunting
On the micaphone its the eve of destruction
As the world goes around like Passion
You get flattened in an orderly fashion
You was warned like a coming attraction
I got playa hated, felt liberated
Put him on the burner cause the nigga violated
We scamper like guard dogs through the fog
If you feel like you wanna hop, leap like a frog
The sergeant general get busy chief
The fastest way to spell rhyme relief is Keith
I leave you assed out like a cocaine drought
Hey yo can I get a witness like Andre Krouch
Niggas need to stop frontin
Bitches need to stop stuntin
Cause they know fuck well they cant stop my
production

[Chorus]

[Redman]

I got the forty acres without the fuckin mule
Doc Ike Turner givin mics audio abuse
I smack a big mouth bitch, and her babysitter
And her lesbian friend, and that nigga wit her
I dont give a fuck, I smack blood out a midget
My tactics make evil D say come on kick it
A black five wit rims, what you can spot me in
Wanna die I snatch you like Doc Kevokian
So turn the beat up
While NARCs got me on sweep up
Im lucky I usually tote more Gunz than Peter
I fuck you up to where your forehead will cut meat up
You wanna box, I square more than Matt Asenerina
Backstabbing bitches and niggas eat a dick
Cause you never heard the Doc do (nothin like this)
{sung}
Backstabbing bitches and niggas eat a dick
Cause you never heard the Doc do (nothin like this)
{sung}

[Chorus]
