When you move in right up close to me
That's when I get the chills all over me

Quivers down my backbone
I got the shakes down my knee bone
Shivers in my thigh bone
Shakin' all over

Just the way you say good night to me
Brings that feelin' on inside of me

Quivers down my backbone
I got the shivers down my thigh bone
Yeah the tremors in my back bone
Shakin' all over

Quivers down my backbone
Got the shakes in my knee bone
The tremors in my thigh bone
Shakin' all over

Shake, shake, shake
Shake, shake
Shake, shake, shake
Shake, shake, shake
