Then we came along  
The streets of a big town  
My day stretches long  
I'm alone, i'm alone

So many faces i see  
No one to remember me

So many streets  
In so many big towns  
So many faces  
Nobody calls my name  
People in cars  
I don't know the story  
So many faces  
And nobody knows  
That i'm around in one of this big towns  
I've been drifting around  
Drifting around

If you.....  
But somehow i don't care  
I'm alone in a big town  
My.....

.....  
I'm a fish in a pool  
I've been drifting around  
Alone in a big town

So many streets  
In so many big towns  
So many faces  
Nobody calls my name  
People in cars  
I don't know the story  
So many faces  
And nobody knows

So many streets  
In so many big towns  
So many faces  
Nobody calls me name

People in cars  
I don't know the story  
So many faces  
And nobody knows  
That i'm around in one of this big towns  
Drifting around, drifting around

Drifting around, drifting around  
Drifting around, drifting around  
Drifting around, drifting around  
Drifting around, drifting around  
Drifting around, drifting around
