Grey is the day
Big is the sky
It's cold outside
But i don't mind

Have to leave behind
My cosy cage
Have to step outside
My cosy cage
My cosy cage

Step by step by step
I make myself happy
I'm walking alone
In a world of my own
Step by step by step
My heart's getting lighter
My day is getting brighter
I'm walking alone
Step by step i forget
I leave behind
'Cause i'm longing inside (???)
The warmth of my room (???)

I make myself happy
As i'm walking alone
I make myself happy
I'm walking alone

I make myself happy
As i'm walking alone
I make myself happy
I'm walking alone

I make myself happy
As i'm walking alone
I make myself happy
I'm walking alone

I make myself happy
As i'm walking alone
I make myself happy

I'm walking alone
