Give me your hand  
And put it on my heart  
Fell the rhythm  
The rhythm of my life

Up and down turning round and round  
Loop of my life, loop of my life

Close your eyes  
I'll tell you what I see  
I see a pattern  
The pattern of my life

Up and down turning round and round  
Loop of my life, loop of my life

Come near to me  
I'll whisper in your ear  
A neverending melody  
Music of my mind

Up and down turning round and round  
Loop of my life, loop of my life
