I'm not tired and I'm not sad
Don't feel sick but I'll stay in bed
If you want you can stay with me
Maybe it's just for a short while
Or until the moment when we can see
The sun again with its brightest light

Morning mood on a rainy day
Lush and lazy, don't go away
And meet me in my morning mood
My morning mood on a rainy day

If you don't say no useless words
I will make no hasty moves
Please let the postman go away
I'm sure he'll come back another day
And you can tell me your deepest dreams
Maybe I will tell you mine

Morning mood on a rainy day
Sweet and mellow, don't go away
And meet me in my morning mood
My morning mood on a rainy day

Morning mood on a rainy day
Lush and lazy, don't go away
Meet me in my morning mood
My morning mood on a rainy day
