Time is a very slow killer
Time is a very slow killer
I don't believe when they say
That it passes fast
Cause i've seen that some days last
Forever
Time's an effective killer
Time's an effective killer
I don't believe when they say
That it heals all wounds
Cause i've seen that some stains stay
Forever

Time is a gentle killer
Time is a gentle killer
I don't believe when they say
It puts an end to love
Come on, let's kill some time
Together, forever
Together, forever
