Sweet veena rain - you've got a hold on me
Sweet veena rain - oriental colours and scent
You're an ancient melody
Sweet veena rain
Sweet veena rain

Sweet veena rain - do you remember me?
Sweet veena rain - sometimes I think I know you well
And then you're strange again
Sweet veena rain

Sweet veena rain - I'm coming back to you
Sweet veena rain - I just can't say goodbye for good
To your smell of sandalwood
Sweet veena rain
Sweet veena rain
Veena rain
