A man like you, a man like you
Could be my new beginning
And get me on the winning side of life

If I had you, a man like you
All the fairy tales I dreamed about
Just a breath ago would all come true

If I had you, baby
if I had a man like you

A man like you, baby, just like you
I'd share all of the precious things
That I've been saving deep within my soul

Well, a man like you and baby
A little ol' sweet girl like me
The two of us together
Ride the waves forever
And we'll be home free

Well, don't you feel it? Yeah
I need a man like you
And all I want is to know

I need you by my side, yeah
And I want to protect you, baby
From all things in life, well, I do, yeah

Oh, what I wouldn't do for a man like you
A man like you, a man like you
