If you're ready to fall in love
here's a thing you've been dreaming of:
Scientific fact that you should know.
If you're ready to give your heart and you don't know
which way to start

And you're afraid you'll go against the flow.

Ask anyone who's ever been given the blow

If you'll know when all systems will go.

All systems go
ohohoh
all systems go
ohohoh

All systems go
all systems go
all systems go-oo-oh-oo-oh

All systems go
all systems go
all systems go-oo-oh-oo-oh.

Is your mind in computer mode and all your senses in
overload

And all controls for take off in your hands ?

200.000 watts of my love are starting to glow

Let you know that all systems will go.
All systems go
ohohoh
all systems go
ohohoh

...

You're on a one-way trip to the sun

Your heart's on fire and you're ready to run.
Faster

now faster
we're headin' out for planet Mars

Love on sudden impact
everything's under control and all systems go.

All systems go.

All systems go

all systems go

all systems go-oo-oh-oo-oh

...

All systems go

all systems go

all systems go-oo-oh-oo-oh

...
