Can't get to sleep tonight, no matter how I try (1)
can't get you off my mind, can't get to sleep tonight

Spoke to you today, called on the telephone
you sounded far away
Baby I love you, I still love you

Can't get to sleep tonight, no matter what I do (2)
just can't get you off of my mind, stuck on you,
stuck like glue

We both live separately, I've found somebody new
and he's real, real good to me, but baby, I love you
I still love you

Don't want to believe that it's over
I keep telling myself one more time
so I lie awake with a heartache
you're always on my mind
haunting my memory
think about you all the time

Can't get to sleep tonight, no matter how I try
just can't get you off my mind, can't get to sleep
tonight

Spoke to you today, called you on the telephone
you sounded very far away
but, baby I love you, I still love you

Repeat (1) & (2) & (1) & fade
