Can't understand
why this whole world
is pulling me down to the ground
I walked two steps
they called me bad feet
oh when will this world ever let me be
Can't understand
why this whole world
is taking so long
it's making me strong
somebody said
well just turn your cheek
what you've got to know
that it's making me weak
Can't understand
why this whole world
is pulling me down to the ground
Unchain my head
please unchain my feet
and please let me walk
with these steady feet
with these steady feet
with these steady feet
oh please let me walk
and let me be free
oh yeah
