Face the music
Face the music
Face the music and dance

Face the music
Face the music
Face the music and dance

You took my heart for a ride
You tried to hurt cheat and lie
But you'd better know
That this walk down the road
You're gonna face the music and dance oh

Face the music
Face the music
Face the music and dance

I gave you all I could give
I tried to teach you how to live
Baby but this time
Please write down the line
You're gonna face the music and dance oh

You took good chance with my love
You tread it down and beat it all
But you'd better know
This walk down the road
You're gonna face the music and dance oh

Face the music
Face the music
Face the music and dance

Listen to me baby

Face the music
Face the music
Face the music and dance

Somewhere in the dark
Corners of your heart

You will know I'm gone
Distant like a dream
Just a memory
Fading with the dawn
Somewhere in the dark
Corners of your heart
You will feel I'm gone
I'm gone

Face the music
Face the music
Face the music and dance
