(Talk)

I'm writing you this song
cause I've always wanted to let you know
that no matter where you go
my love is with you

Long after the curtain falls
its your I hear
breaking down the walls
to let me know you're there

So sincerely
you've stood beside me
all through the years
together we have grown
my friends unknown

Down on your knees your pray for me
deep in my heart you'll stay
eternally

You can turn my gray skies blue
there's just no me without you
for all the love you've shown
my friends unknown

(Bridge):

This road may be long and winding
but no matter where it takes me to
I will always find my way
back to you

(Talk):

And you should know
that no matter where you go
I'm always there for you
I say a prayer for you
and I love you eternally

And if we never, never ever meet again
you'll always know where I stand
I'll never be alone

my friends unknown
for all the love you've shown
I wanna thank you
my friends unknown.
