Seasons are changing
Children of love are alive
People reach out to survive
Together

Love is the message
We carry across the sky
Down through the passage of
Time forever

History unfolds
As this story's told

(And it's) the mystery of love
How we go on and on forever
(And it's) the mystery of love
Coming to rescue
Rescue me

A man and a woman
Lost in each other's embrace
Star-crossed in time in a place
Far away
Innocent dreamers
Turning the wheels of chance
Searching to find romance
Forever

We will surely find
Love is for all time

(And it's) the mystery of love
How we go on and on forever
(And it's) the mystery of love
Only one heart can turn the key
Down through the history
Of love
Time is the one that holds
The answer
(And it's) the mystery of love
Oh, will it set me free

For all time

(And it's) the mystery of love
How we go on and on forever
(And it's) the mystery of love
Only one heart can turn the key
Down through the history
Of love
Time is the one that holds
The answer
(And it's) the mystery of love
How we go on and on forever
(And it's) the mystery of love
Only one heart can turn the key
