You parting words still echo clear on the day you left
me
If you need me I'll be there, you said you'd always help
me

Now I need you, I need you, I need you, I need you
L need you, I need you right now
Now I need you, I need you, I need you, I need you
L need you, I need you right now

L can't seem to satisfy anyone around me
You hold my hand and see me through
All the things that bound me

Now I need you, I need you, I need you, I need you
L need you, I need you right now
Now I need you, I need you, I need you, I need you
L need you, I need you right now

Now I need you, I need you, I need you, I need you
L need you, I need you right now
Now I need you, I need you, I need you, I need you
L need you, I need you right now

I'm calling you now (oh now I need you)
Calling you now (oh how I need you)
Please come to me now
I need you
I need you (oh how I need you)
I need you (oh how I need you)
I need you (oh how I need you)
I need you (oh how I need you)
Oh how I need you, oh how I need you

Having learned to live with you
It's hard to live without you
You always said if I were down,
To cheer me you would be around

Now I need you, I need you, I need you, I need you
L need you, I need you right now
Now I need you, I need you, I need you, I need you

L need you, I need you right now
Now I need you, I need you, I need you, I need you
L need you, I need you right now
Now I need you, I need you, I need you, I need you
L need you, I need you right now

I'm calling you now
(oh how I need you)
Calling you now
(oh how I need you)
Please come to me now
(oh how I need you)
Please come to me now
(oh how I need you) I need you now
(oh how I need you)
