There's more to questions than answers
And sand will slip through your hands
And love is faster than lightning
So grab it while you can

Well I've been searching forever
Between the bad and the good
But now I know what I'm missing
I wanna make it with you

One night in a lifetime
One life in a night
One night in a lifetime
Baby it's got to be tonight
Baby it's got to be tonight

One night in a lifetime
One life in a night
One night in a lifetime
Baby it should be tonight
Baby it should be tonight

One night in a lifetime
One night, one night
One night in a lifetime
One night

They say that, "Love is a gamble"
And luck will play a trick or two
But I risk all of my loving
I'd put my last buck on you

One night in a lifetime
One life in a night
I wanna tell you about it now
One night in a lifetime
Baby it's got to be tonight
Baby it's got to be tonight

One night in a lifetime
Don't you hear me tell you now?
One night in a life

One night in a lifetime
Baby it's got to be tonight
Baby it's got to be tonight

One night in a lifetime
One night, one night
One night in a lifetime
One night

One night in a lifetime
Won't you hear me tell you now?
One night in a life
One night in a lifetime
Baby it's got to be tonight
Baby it's got to be tonight

One night in a lifetime
Don't you hear me tell you?
One night in a life
[Incomprehensible]
One night in a lifetime
Baby it should be tonight
Baby it should be tonight
