When I say goodbye, it's never for long
'Cause I know our love lives on
'Cause I believe in the power of love

When you're close, I can feel the power
When it's love, I can always tell
Love for me is the best thing now
It's something that I know so well, ooh, baby

Hold me closer and every minute
Of every hour feel the power of love, yeah
Hold me tighter and take me higher
And feel the fire of the power of love

Did you know that your feelings show
You thought your love was locked up inside
But when your senses start to overload
Love is something you should never hide

You've got to believe in love
It's a feeling that's next to none
Can't stop until we are one
With the power of love

Tell everyone to try
I promise you'll reach the sky
One thing that we can't deny
Is the power of love

So close your eyes and you can feel it
Comin' straight from above, it's the power of love
You can't deny it, don't even try it
Just let the feeling sweep you off your feet

You've got to believe in love
It's a feeling that's next to none
Can't stop until we are one
With the power of love

Tell everyone to try
I promise you'll reach the sky

One thing that we can't deny
Is the power of love

Put your hand out, love someone
Put your hand out, touch someone
Put your hand out, power of love
Put your hand out

Do you love somebody?
Oh, power of love

You've got to believe in love
It's a feeling that's next to none
Can't stop until we are one
With the power of love

Tell everyone to try
I promise you'll reach the sky
One thing that we can't deny
Is the power of love, oh baby

Put your hand out, love someone
Put your hand out, touch someone
Put your hand out, love someone
Love somebody, love somebody
Put your hand out

Do you love somebody?
