Wakin' up this morning
Saw the sun come through my blinds
And I looked up on the porch
And found an owl shrieking by

But never could I have imagined
Such a place like this
And you're lyin' next to me
I wanna wake you with a kiss

And all the crazy things about you
That I so adore
Are the little things that keep me
Coming back for more

And it feels like love and it feels so good
And it feels like love
(I wanna feel like the roarin' thunder)
(Wanna be the heaven that your sky is under)
Oh, I say, you say, oh
(It's like love)
All that I need, baby, it's true
The sand on my feet and you

I will go wherever you go
Take me where you lead
Lead me where you want
My heart doesn't know
Anything but what you say
You're the one for me
You make me feel complete

I can silent read your whisper
And my lips still feel your touch
And I'm oh so glad to be here
Oh, so glad to be here

And it feels like love and it feels so good
And it feels like love
(I wanna feel like the roarin' thunder)
(Wanna be the heaven that your sky is under)
Oh, I say, you say, oh

(It's like love)
All that I need, baby, it's true
The sand on my feet and you

But you and I have walked the oceans
Miles along the shore
And a thousand seagulls called on me
So we came right back for more

And I love to feel the water
It makes me feel so free
Underneath the purple sky
Every time you look at me

I reach up to forever
With the promises you keep
They fill me with such happiness
It makes my heart believe

And it feels like love and it feels so good
And it feels like love
(I wanna feel like the roarin' thunder)
(Wanna be the heaven that your sky is under)
Oh, I say, you say, oh
(It's like love)
All that I need, baby, it's true
The sand on my feet and you

How many lovers
Have walked along the shore before
Before you and I
How many said goodbye
