I've been standing in the dark
Staring out the window at the moon
With a heartache like I've never known before
And I can't eat and I can't sleep
This pain inside, it's like it's killing me
It's over, he said
You don't love me anymore

****chorus****

So this is lonely
Now I know how it feels to lose
This is lonely
It's nothing anyone on earth can do
Only time can heal
This hurt I feel
Cause he ain't coming back
That's what he told me
Now I'm lonely

He did everything I wanted
Still I took his love for granted too long, it seems
There ain't nothing I can do to right this wrong
And it's too late to turn back time
And all my tears ain't gonna change his mind
It's over, he said
You don't love me anymore

****repeat chorus****

This is lonely
So this is lonely
It's over, he said
You don't love me anymore
No
