[Spoken:]

I just wanna say this
This is something I think most of you ladies will identify
with
And maybe some of you men too

Someday he'll come along
The man I love
And he'll be rich and strong
The man I love
And when he comes my way
I'll do my best to make him stay

He'll look at me and smile
I'll understand
And maybe for awhile
He'll take my hand
And though it seems absurd
I know we both won't say a word

[Spoken:]

You know I'm the kind of lady
That always seems to find the wrong man
At the wrong place at the wrong time
It's not that I go out looking for him
But somehow he always seems to find me
You see what I'm looking for is the kind of man
That comes home with candy
And flowers sayin' "come on put on your dancing shoes
Cause we're gonna wine and dine, wine and dine"
But what I always seem to find is the kind of man
That comes home fussing
And fighting, breaking my best dishes
And beat my head outside the wall
Shows no love no respect and nothing at all
