Like the stars that shine above
in a warm and wind tossed love
just like tears that fall forever

Like the raven and the dove
looking for a perfect love
after rainy, stormy weather
I am yours and you are mine
till the stars fall from my eyes
there will always be a you

A ship sailing without end
a lost, tired, worn down friend
and old broken run down shoe
I keep running back for more,
at least you thought I would be sure
but I gave up, I broke it's true
still there will always be a you

Don't ask me how
I tried so long
and in my heart I know
I will never go away
if you wanted me to stay
well in a million years
I wouldn't go

Cause I love you so
yes I do
I love you so
I could never leave you
I love you
don't go away
don't go away
there will always be a you

A ship sailing without end
a lost tired, worn down friend

and old broken run down shore
I keep running back for more
at least you thought I would be sure

but I give up, I broke it's true
still there will always be a you

I am yours and you are mine
till the stars fall from my eyes
there will always be a you

I will never go away
if you wanted me to stay
well in a million years
I wouldn't go
cause I love you so
yes I do
I love you so
I could never leave you
I love you
I love you
don't go away
can't go away
there will always be a you

At night I cry
can't find a reason
I'm left alone
can't seem to understand
at night I cry
can't find a reason
I'm left alone
can't seem to understand
there will always be a you
there will always be a you
