Our love is an endless river  
Keeps on flowing on and on forever  
Each dream like a forest flower  
Keeps on growing every hour

We can almost touch the horizon there  
So reaching further  
We can even light up a star ahead  
I know we are bound by destiny  
We will always be

You to me are everything  
You to me are everything  
My whole world's devoted to you  
For you there's not a thing I wouldn't do  
You to me are everything

Our love is a perfect circle  
Has no start or end  
It can't be broken  
Stronger than a moment's weakness  
It knows no secrets  
We both believe it

No one's ever gonna come between  
The love we're sharing  
No one's gonna steal the way we got dream  
'cause there's more to words that words can say  
How can I explain?

You to me are everything  
You to me are everything  
My whole world's devoted to you  
For you there's not a thing I wouldn't do  
You to me are everything

You to me are everything  
You to me are everything  
You to me are everything  
You to me are everything  
You to me are everything
