There's an easy feelin. can you feel it? you can feel
It?
With an ease we're steppin out. are you ready? could
You be ready?
Livin's good on the front porch. we can rock it. sure
We rock it.
Steppin out with the front porch, in our pocket. in our
Pocket.

Chorus

We're steppin out get hip to the motion
One step puts us in the groove
Back to the shack for what it might lack
One step forward take a good life back

2nd verse same chords as 1st

Fitting in the very world that creates us and relates
Us
What a blessing to a curse human nature human nature
Evey life a lesson in humility in humility
Beauty grace is the word with simplicity with

Simplicity

Chorus

Then to bridge
Let it be you let it free you
May your life be a pleasure you found
Let it move you gently shift you
Bring your weight to a higher ground
There's no needle in my haystack
Now you can lay all your worries down
Let it grip you gently shift you
Let it bring your world around
Then there's a break and a repeat of the chorus
Out on the front porch
We're steppin out with an ease
Back to the shack
It's as simple as that

Were steppin out get hip to the motion
One step puts us in the groove
Back to the shack for what it might lack
One step forward take a good life back
