Do do you wanna go out with me

Do do you wanna go out with me

Come on baby

Do do you wanna go out with me

Come on baby

Do do you wanna go out with me

Baby can't you see

Won't you go out with me

[Chorus]

Nothing else will do

I only wanna be with you

[Chorus]

Everybody go now

[Chorus]

Baby can't you see

Won't you go out with me

[Chorus]

Let's go!
