I can't believe she bought it
She got too close and she caught it
Had a point, but she forgot it

When you skip steps on the way up
The gaps have a way of catchin up
And you can't cover that with make-up

(CHORUS)X1

You're gonna fall behind me
You're gonna cry and beg for mercy
Cause you're not ready and baby..
And you got nothin on me

Now that I'm getting to know her
Part of me want's to show her
Who she's really doing over

Cause she's got nothin real
Taking everything she can steal
Just like it was her last meal (last meal last meal last meal...)

(CHORUS) X2

You're gonna fall behind me
You're gonna cry and beg for mercy
Cause you're not ready and baby..
And you got nothin on me

You're gonna fall behind me
You're gonna cry and beg for mercy
Cause you're not ready and baby..
And you got nothin on me

How long is she gonna be around
And how long do we have to watch her dummin' down
Cause when it's cheap it fades fast
And how long does she think it's gonna last

(CHORUS)X2

You're gonna fall behind me
You're gonna cry and beg for mercy
Cause you're not ready and baby..
And you got nothin on me

You're gonna fall behind me
You're gonna cry and beg for mercy
Cause you're not ready and baby..
And you got nothin on me

And you got nothin on me (X4)
