Met a shy guy from Knoxville Tennessee

High school yum yum gimme some Hennessy
I threw him a ball but he didn't hit it
Said gimme a call but he never did it

I-I-I don't care
I don't care if you don't wanna bother with me baby
'Cause I-I-I don't care, I don't care
There's better guys everywhere, so there

Never gonna say that I'm sorry I kissed him
Guess it's not my day, he turned and I missed him
I was workin' overtime, now I just wanna walk out
I just tried to make him mine, it's not like he's a
knockout

I-I-I don't care
I don't care if you don't wanna bother with me baby
'Cause I-I-I don't care, I don't care
There's better guys everywhere, so there

I-I-I don't care
I don't care if you don't wanna bother with me baby
'Cause I-I-I don't care, I don't care
There's better guys everywhere

I-I-I don't care
I don't care if you don't wanna bother with me baby
'Cause I-I-I don't care, I don't care
There's better guys everywhere, so there

Track 08: Pass It around

Well it's only Thursday and it's no one's birthday
But we're goin' out for the night
Make a few stops, avoid the traffic cops
Pick up some whiskey and some dynamite

But there's always someone who's gotta spoil it for the
rest of the gang
You're such a little Bogart and I'm sorry but you just

can't hang

Why don't you pass it around
Don't bring the party down
If you don't pass it around
We'll run you right outta this town

Well it's already Friday gonna do it my way
Everything's ready to go
But later on all the beer is gone
Downed by some guys I don't even know

But there's always someone who's gotta spoil it for the
rest of the gang
You're such a little Bogart and I'm sorry but you just
can't hang

Why don't you pass it around
Don't bring the party down
If you don't pass it around
We'll run you right outta this town

Why don't you pass it around
Don't bring the party down
If you don't pass it around
We'll run you right outta this town

(Pass that glass, pass it around)
(Pass that glass, pass it around)
(Pass that glass, pass it around)
(Pass it around, don't bring the party down)

Saturday night don't really wanna fight
... if you didn't pay
Tell your little brother go buy another
Give me back my Tanqueray

But there's always someone who's gotta spoil it for the
rest of the gang
You're such a little Bogart and I'm sorry but you just
can't hang

Why don't you pass it around
Don't bring the party down
If you don't pass it around
We'll run you right outta this town

(Are you thinkin' up what I'm puttin' down?)

Why don't you pass it around
Don't bring the party down

If you don't pass it around
We'll run you right outta this town
