Well it's half past seven and I'm by the phone
I'm going to the hop alone
But I don't wanna stay at home
I'm going to the hop alone
Bobby Tommy Billy Joe
They all have a place to go
To the last chance dance
Going to the last chance dance
Going to the last chance dance

Two by two, there they go
I'm going to the hop alone
Guess I'll have to go solo
I'm going to the hop alone

They all laugh at me oh no
'Cause they didn't have to go
To the last chance dance
Going to the last chance dance
Going to the last chance dance

I have no one to take me home
Guess I'm going home alone

Two by two, there they go
I'm going to the hop alone
Guess I'll have to go solo
I'm going to the hop alone

They all laugh at me oh no
'Cause they didn't have to go
To the last chance dance
Going to the last chance dance
Going to the last chance dance
