See those kids walking down the street.
They're so rab, kick'em with your feet.
Hit 'em down low, hit 'em up high.
Make sure they're dead goodbye.
It's a craze from coast to coast.

[Chorus]

Let's go mano! Here we go!
M - A - N - O, Let's go mano.

All the kids are out to tonight.
Mommy, Daddy say bye-bye.
Give me candy, give me food.
It is all I wanna do.
We won't wait for UFOs.

[Chorus]

There's no time to sit around,
When we're in South City town.
There is nothing else to do.
Everybody go mano.

See those kids walking down the street.
They're so rab, kick'em with your feet.
Hit 'em down low, hit 'em up high.
Make sure they're dead goodbye.
It's a craze from coast to coast.

Let's go mano! Here we go!
M - A - N - O, Let's go mano.
M - A - N - O, Let's go mano.
Let's go mano! Here we go!
Let's go mano! Here we go!
Let's go mano! Here we go!
