Let's rab! Come on baby
Let's rab (let's rab) let's rab (let's rab)
Let's rab all over right now
Let's rab (let's rab) let's rab (let's rab)
Let's rab right over right now
I wanna rab with you
'Cause I know you want me too
Let's rab (let's rab)
I wanna rab with you
'Cause I know you want me too

Let's rab, oh hell now let's rab
Let's rab (let's rab)
Not like you don't know how
Let's rab (let's rab) let's rab (let's rab)
Not like I tell you how

If people want me too, then I guess I'll have to
Let's rab (let's rab)
If people want me to, then I guess I'll have to

I wanna rab with you
'Cause I know you want me too
Let's rab (let's rab)
I wanna rab with you
'Cause I know you want me too
