Well it's the same thing that I tell everyone
If you wanna get it good, you gotta get it well done
Yeah, it's steamy hot and there's nothin' to do
So I go down to Huffy's for a BBQ.
Sizzliin' meat and it's ready to eat
So come here baby give me some of your meat
El Grullenses's where the beef is hot
And the taco boy wants whatever I got
Well done
You drive me crazy when you turn up the heat
Well done
You're lookin' good, I think I'm ready to eat
And don't try to give me that medium rare
If it ain't hot and hard, then I don't even care
You want some of me you gotta give some first
And if it ain't done right it can't quench my thirst
Well done
You drive me crazy when you turn up the heat
Well done
You're lookin' good, I think I'm ready to eat
Well Done.
Well Done.
