Standin' over there, waggin' your hair,  
There's something that you do.  
Long and lean, rock 'n' roll machine,  
I just wanna get with you.

*[Chorus:]*

Come on, come on. I just wanna tell you.  
Come on, come on. I just wanna touch you.  
Come on, come on. I'm talkin' to you.  
You make me hot!

Yeah, I wanna touch you.  
Yeah, I wanna grab you.  
Yeah, I wanna hold you tight.  
You can run but you can't hide.  
I just wanna get you tonight.

*[Chorus]*

Yeah, I wanna touch you.  
Yeah, I wanna grab you.  
Yeah, I wanna hold you tight.  
You can run but you can't hide.  
I just wanna get you tonight.

*[Chorus]*

You make me hot!  
You make me hot!  
You make me hot!
