I trapped a spider  
Underneath the glass  
I kept it for a week to see  
How long he'd last

He stared right back of me  
He thought that he could win  
We played the waiting game  
He thought that I'd give in

England made me  
England made me

I had a dream last night  
That I was drunk  
I killed the stranger  
And left him in a trunk

In Brighton railway station  
It was an unsolved case  
A famous murder mystery  
People love mystery

England made me  
England made me  
England made me  
England made me

I need my privacy  
I lead a secret life  
Sleep with the enemy  
Then betray both sides

I traveled all my life  
But never got away  
From the killing jar  
And the garden shut

England made me  
England made me  
England made me  
England made me

England made me  
England made me  
England made me
