If you let me join your gang
I'll show you things you've never dreamed of
After school we'll steal a car
Drive until the feeling changes

All the people have to say, "We're swinging
We don't like you, go away we're swinging"
Feeling rotten to the core
And I don't need you anymore

Are you a hardcore hooligan?
Did you really burn the old school down?
If I set fire to you now
Will you even make a sound?

All the people have to say, "We're swinging
We don't like you, go away we're swinging"
Feeling rotten to the core
And I don't need you anymore

It's the end of the affair
Bet you never thought you'd even get this far
And I dare you to look down
See how brave you really are

Monmouth, Cardiff to the south downs, "We're
swinging
From the coast to the cathedral towns we're swinging
Feeling rotten to the core
And I don't need you anymore, and I don't need you
anymore
