You and me we go so far back
I knew you for so long and we keepin it on track
What we have I call friendship and it's a real one yes
Nobody knows me the way you do know
That's what we've been through they can't make me
smile like you
We got a special bond and it's so strong I swear you
got me

You got me so, you got me so, you got me so
So in love, so in love, so in love with you
You got me so, you got me so, you got me so
So in love, so in love, so in love with you

I remember way back when
I remember the day we just became friends
You were so sweet and innocent you just like me
I found my soul mate, I dreamed and had faith
You made my day so much better, strong together,
stay forever

You got me so, you got me so, you got me so
So in love, so in love, so in love with you
You got me so, you got me so, you got me so
So in love, so in love, so in love with you

And when I got a problem I know you will help me
through
To me everything if it's good or bad I can always count
on you
And that's what I believe that you're for me and I'm for
you

You got me so, you got me so, you got me so
So in love, so in love, so in love with you
You got me so, you got me so, you got me so
So in love, so in love, so in love with you

You got me so, you got me so, you got me so
So in love, so in love, so in love with you
You got me so, you got me so, you got me so

So in love, so in love, so in love with you

You and me we go so far back

I knew you for so long and we keepin it on track
