I see it in your eyes you want to let me go
But baby please dont let me go
Tonight I'll hold on tight
Before you slip right through my hands
Cause everywhere I go
And everybody knows
They ask me about us
I guess I'll have to say

I guess you never fell in love
I guess it wasn't strong enough
I guess I could've been a better man
I guess it wasn't worth a second chance
I wish I never fell in love
Cause maybe then it wouldnt hurt so much
Even though you really broke my heart
I would do it all again

And everytime I think about
Your eyes your smile and pretty face
It drives me wild
But now I'm all alone
I'm missing you right now
Girl what did I do wrong
It hurts me deep inside
You dont want me in your life
Oh I

I guess you never fell in love (I guess you never fell)
I guess it wasn't strong enough
I guess I could've been a better man (better man)
I guess it wasn't worth a second chance

I wish I never fell in love
Cause maybe then it wouldnt hurt so much
Even though you really broke my heart (my heart)
I would do it all again

Inside me
What I'm feelin
Is just make believe
Cause I can't believe

You wanna leave
Don't wanna be with me
Oh baby

I guess you never fell in love
I guess it wasn't strong enough

I guess it wasn't worth a second chance

We deserve a second chance
I wish I never fell in love
Cause maybe then it wouldnt hurt so much
Even though you really broke my heart (my heart)
(I'm missin you)

I guess you never fell in love (I guess you never fell)
I guess it wasn't strong enough
I guess I could've been a better man (better man)
I guess it wasn't worth a second chance
I wish I never fell in love
Cause maybe then it wouldnt hurt so much
Even though you really broke my heart (my heart)
I would do it all again
