Life Is a mystery
You never know what it's gonna be
I didn't know you were gonna leave
(And I was ready to spend my life with you)
Know I still cross your mind
Do you still feel me deep inside
Do you still see me when you close your eyes
Or did you find a way to let me go

You never want what you've got
But always want what you cant (have)
You never miss somethin until it's gone (until it's gone)
I know in your heart that you cant walk away
And if you want me to move on

Just say I aint right
For you when you moved on
The feelins gone
Just say I aint right
And I've been holdin on to love thats gone
Just say I Aint right

Seems like yesturday
I was the one you love to chase
Now someone took my place
What do you see in him you never saw in me

And If he loves you better
(I'll walk away)
Or is it she has shown you mine
Baby I'll say

You never want what you've got
But always want what you cant (have)
You never miss somethin until it's gone (until it's gone)
I know in your heart that you cant walk away (you cant walk away)
And if you want me to move on

Just say I aint right
For you when you moved on
The feelins gone

Just say I aint right
And I've been holdin on to love thats gone
Just say I'm not right [x5]

And baby I'll move on right x5]

Just say I aint right
For you when you moved on
The feelins gone
Just say I aint right
And I've been holdin on to love thats gone
Just say I aint right
[x2]

Just say I aint right
Aint right
