"Catch My Breath"

Her hair hints little highlights of a brownish brunette
The moonlight through the curtain shows perfectly her
silhouette
We've never met but we're in love, love

That she'd only come to me as my only friend
That sweet sensitive would pull up between us in the air
She's unaware that we're in love, love

What should I do now, now that I've found ya
The most beautiful girl in the world, I'll make you mine
somehow
Just let me catch my breath before you steal it again
Steal it again, steal it again

Can't say what I wanna, can't say what I wanna
The most beautiful girl in the world to me and I will go
Just let me catch my breath before you steal it again
Steal it again

Let me catch my breath, let me catch my breath
Let me catch my breath
Let me catch my breath, let me catch my breath
Let me catch my breath

Oh, complexion like sand and her lips the color of sin
Sundress flies up and I start to envy the wind
She doesn't know I'm here but we're in love, in love,
love

This torture I would endure times over again
For the smell of her sweet subtle brush up again the
skin
Now and then I fall in love, I fall in love

What should I do now, now that I've found ya
The most beautiful girl in the world, I'll make you mine
somehow
Just let me catch my breath before you steal it again
Steal it again, steal it again

Can't say what I wanna, can't say what I wanna

The most beautiful girl in the world to me and I will go
Just let me catch my breath before you steal it again
Steal it again

Let me catch my breath, let me catch my breath
Let me catch my breath
Let me catch my breath, let me catch my breath
Let me catch my breath

You could call me crazy, you could say I'm mad
Quick to tell me that I'm outta my mind
Outta my mind, outta my mind

Now it isn't like I made this, I just got it bad
I'll work it out, just gimme some time
Gimme some time, gimme some time

How do I tell you every time I see you
It's like you're holding me hostage?
Making it hard for me to breathe again
Let me baby, please don't stop it

When I go to touch you on your hand you start to turn
around
What to do now? What to do now?
What to do now? What to do now? I don't know

What should I do now, now that I've found ya
The most beautiful girl in the world, I'll make you mine
somehow
Just let me catch my breath before you steal it again
Steal it again, steal it again

Can't say what I wanna, can't say what I wanna
The most beautiful girl in the world to me and I will go
Just let me catch my breath before you steal it again
Steal it again

Let me catch my breath, let me catch my breath
Let me catch my breath
Let me catch my breath, let me catch my breath
Let me catch my breath
