[Donnie]

MTV made me do it
Now that Ive been through it
Everyone knows my name
But am i really living out my dreams?
I said I'd never change
But tell me (that good love)
I said Id never change

[hook]

I don't want your celebrity love [x3]
You can have it all
Celebrity (celebrity love)x2

[Donnie]

Smell amazing every time
Girls are always fine
Just want to be winding down

But do they really want me, or the lime light?
Damn it just say right [x2]
Tell me is that (good love) [x2]
I said id never change

I don't want your celebrity love [x3]
You can have it all
Celebrity (celebrity love)x4

[Donnie]

Repeat verse 1

You can have it all
Celebrity love [x3]
