Hey baby can we talk about it?  
I got something messing with my head and it's killing  
me  
You ain't gotta lie  
You ain't even gotta reply  
Sit down and let me get this off my chest  
Let me catch my breath  
Ooh, my my, what the grapevine's buzzin'  
Said it didn't matter  
Said I didn't let it get to me  
Truth is I lied  
It cut me down deep inside  
Before you deny it let me get this off my chest  
Let me catch my breath

Girl is this me and you? (you)  
Just you and me?  
I'm not the enemy (not the enemy)  
Girl is this me and you? (you)  
Just you and me?  
I'm not the enemy

Girl you gotta let down your guard (guard)  
Girl you gotta show me your heart (heart)  
How can I get over the hurt? (hurt)  
When I can never get in a word (word)  
You're so damn defensive

Fussin' and cussin' over nothin', stressin' me out  
Denyin' and lyin' everything come outta your mouth  
Messin' up my head, I'm fed up  
I gave everything I had to give  
You're so damn defensive  
Uh huh

I try to shake it but I can't get over  
Every time I hold you in my arms it won't let me be  
But it right now  
Hangs over me like a cloud  
I'm gonna keep it real but you give me no less  
Let me catch my breath

Got real love for you, meant what I said  
But I heard about you one too many times wonderin' if  
it's true  
Put your guard back down  
Baby we can work this out  
I'm gonna keep it real but you give me no less  
Let me catch my breath

Girl is this me and you? (you)  
Just you and me?  
I'm not your enemy (not the enemy)  
Girl is this me and you? (you)  
Just you and me?  
I'm not the enemy

Girl you gotta let down your guard (guard)  
Girl you gotta show me your heart (heart)  
How can I get over the hurt? (hurt)  
When I can never get in a word (word)  
You're so damn defensive

Fussin' and cussin' over nothin', stressin' me out  
Denyin' and lyin' everything come outta your mouth  
Messin' up my head, I'm fed up  
I gave everything I had to give  
You're so damn defensive  
Uh huh

Is it too much for me to ask you just to speak your  
mind?  
If I don't know what it is, how can we ever make it right?  
Let me know  
Or let me go  
You gotta tell me what it is  
Cuz baby girl I'm on your side  
Tell me why

Girl you gotta let down your guard (guard)  
Girl you gotta show me your heart (heart)  
How can I get over the hurt? (hurt)  
When I can never get in a word (word)  
You're so damn defensive

Fussin' and cussin' over nothin', stressin' me out  
Denyin' and lyin' everything come outta your mouth  
Messin' up my head, I'm fed up  
I gave everything I had to give  
You're so damn defensive  
Uh huh
