I've tried to, You know i've tried to get away from this
But its hard to, You know that its hard to cuz she's
somthing you'll miss
And this might sound selfish but I can't help it I can't let
you go
And I'm on a mission I need you to listen I'm not losing
hope
I've tried to, You know that i've tried to get away from
this
I'm trying to escape with no way out

I tried crawling away from you, You pushed me down,
I'm on the ground
But to give her back refuse, I'm gunna make it, Time
and time again
Free myself from these Miseries , I'm all alone i got
walls on all four sides
Because I'm a prisoner of love, of love of love of love,
A prisoner of love

I gave in, You know that i gave in They took advantage
of
The fact that I gave in, You know that i gave in They
knew i fell in love
See your the one i can't meet back, i'm doing the time?
I shouldn't be trapped in here i didn't do no crime
I gave in, You know that i gave in they knew i fell in love
Tryna escape with no way out

I tried crawling away from you, You pushed me down,
I'm on the ground
But to give her back refuse , I'm gunna make it, I'm
gunna make it Time and time again
Free myself from these Miseries , I'm all alone i got
walls on all four sides
Because I'm a prisoner of love

I tried so hard to let you go but i cant what's holding me
back
I've tried so hard to get away from everything we had
And im so lonely in this cell all by myself and i don't

know why
I can't get away from you

I tried crawling away from you, You pushed me down,
I'm on the ground
But to give her back refuse, I'm gunna make it, Time
and time again
Free myself from these Miseries , I'm all alone i got
walls on all four sides
Because I'm a prisoner of love, of love of love of love,
A prisoner of love

I tried crawling away from you, You pushed me down,
I'm on the ground
But to give her back refuse, I'm gunna make it, Time
and time again
Free myself from these miserys, I'm all alone i got
walls on all four sides
Because I'm a prisoner of love, of love of love of love,
A prisoner of love
Of love of love of love a prisoner of love
